#### PRESIDENT ---

Management council met Monday and Tuesday with business meeting Wednesday. Try to do work on minimum standards for different AMCIA worksheet will be put into the minimum standards for easy access for the process to see how many ATs should be at each school. Working draft right now- thank you to everyone who has completed that. Question- where does the information go once a school does the calculator? It needs to go to administrators so how does it get there? Brandon- that is the accountability piece. Presidents don't want to be told this information. Program Review is supposed to go to 3C2A board and that info going to the Presidents of the schools. Kim at Allan Hancock is passionate about this committee and creates accountability for change. Trying to figure out how the Presidents and VPs get this info. This info needs to get to the people who make the final decisions. Question- one college has a lot of President changes, is there a way to get past program review? Has the ATs thought of approaching staffing like nursing does? If you have this many sports, you need this many ATs. Discussions about education of administrators on AT education, insurance premiums,

Management council AMCIA numbers on how many schools are even close to the recommendations. Maria will go back in the summer and get the numbers. Michelle at ARC will collect salary survey information. The combo of these two numbers to maintain ATs at our settings.

AB796 Licensure bill spoke about it at Management Council and Jamie Adams spoke to the ADs association. Very important for our constituents to get involved in the process. Committees are a great way to get involved.

### CONFERENCE REP OR ALT REP UPDATE

#### South

Orange Empire- Nate- not a lot to report. Trying to get together twice a year in fall and spring. So far not much updating, coverage of conference tournaments.

South Coast- Abi- in the works trying to restructure bylaws for conference tournaments. Who is hosting and where conference tournaments are hosting gets a little confusing. Trying to get an organized schedule. Slowly staffing some of the schools are increasing staffing. Cerritos hired a third, Mt Sac hired another, slow progress. Softball is being hosted at Mt Sac for State.

Inland Empire- Amy- Fairly new conference, started prior to covid, program review is way behind. Trying to do multiple schools to get back on track. Put together a new recommendation in the self-study but nothing is in there about athletic training. Other components of wellness, but not ATs in the standards. What are they looking for in specific when they come to campus for the program review. EAPs? There are two colleges that do not have ATs that have basketball and it's been a big issue for the last couple of years. Third school only has swimming and XC with no ATs. Big topics here and it is AD driven, they are asking for a push for repercussions for the minimum standards. There is no safety coverage about AT coverage. Palo Verde college doesn't provide coverage- would pay the visited team. Copper Mountain had a person for half of the season, then that person left. Crafton Hills has XC and swim- they are hosted in another conference. Listed in the conference but it is ambiguous about who, if anyone is there.

## Meeting Minutes

---

Western State- Scott- 7 schools have increased AT staff- all got 3<sup>rd</sup> FT positions. Very encouraged to hear about this. Met in Dec about padded full practices, what schools allowed them and what strategies they are going to implement.

Pacific Coast- Tony- Congratulate Yuki for AT of the year, not too much other info to report CATS will host their conference in Vegas May 18-20, trying to get CCC ATs to get there. Might be a great opportunity to collaborate- scholarship available sons and daughters going to school. April 30<sup>th</sup>. Become a member and apply. 160\$ with included meals, great event.

### **North- looking for a North Football Rep !**

Big 8- Jamie- There's been movement around with ATs going to different schools. ARC is hiring a 4<sup>th</sup> position. Columbia has a FT faculty athletic trainer with release time to teach. MJC will have an opening. Monika at SRJC is looking at a head AT. ARC sent out a salary survey and staffing. NTS football spring practice, Delta- didn't get additional staffing or funding, they can't participate in NTS. If they keep taking it further, President threatened to have repercussions. Some schools are paying attention to this.

Coast-David- struggling with NTS football. DeAnza has an open position for a year. Hartnell a third.

Golden Valley- no report

Bay Valley-Brandon- Contra Costa doesn't have an AT, Alameda are still looking to hire. Trying to get a proper program review.

Central Valley- Madera college looking to hire.

### **CCATA COMMITTEE UPDATES**

#### **MEDICAL ADVISORY BOARD**

Junior- NPs to sign off on PPE, and heat guideline recommendations. Management council unopposed and no concerns. We should see a positive vote moving forward. Keep adjusting the tool they are not sponsoring this as a full advocacy piece. Fine line with numbers because we don't want to be the body that causes sports to be cut. Any suggestions to potential issues of medical advisory board as regards to physicians. The heat legislation- Ads they were under the impression that they must buy equipment- updating the data for the requirements. This is something that has been happening regularly, newer research on this. Nothing is new. This is a recommendation that means there is no financial responsibility. You can get a free app for the phone to estimate the numbers.

### ADDITIONAL BUSINESS

---

## Meeting Minutes

---

Add to agenda the basketball tournament at the beginning of the season- Tony Ontiveros – the start of the season has a three-day basketball tournament, 3 days is not in the best interest of the men and women playing. Reduce to 2 days? Find a better format? Not in good shape, dealing with dehydration, increased injury risk, and other problems. This is the November date- Maria- scheduling and the coaches want to play the most they can. We'll have to work with the coach's association on that to make better recommendations to the student athletes. Feedback is it used to be worse. Educational piece we can put out? Basketball sports rep can communicate with the basketball coach's association and go from there.
