MARCH 28, 2024

9:45AM – 11:45AM

Location: Sheraton Grand Sacramento

Zoom Link: <https://cerritos-edu.zoom.us/j/85317430949?from=addon>

Meeting ID: 853 1743 0949

GUEST (ANNE ROHLMAN, DIRECTOR OF POLICY, EDUCATION, & STRATEGIC MANAGEMENT NCAA SPORT SCIENCE INSTITUTE)

Anne's job is to try to translate, educate, and then take back your really good questions and thoughts so that we can use them and improve the stuff that we're doing. My, my critical point. I think that's relevant. Here is steal. Please steal from us whatever you can. We're doing, really. I think, incredible work at the NCAA. And we hope that it could be useful to you all as well. That also means my time. If there's things that I'm talking about, or that you think can be helpful to you. Please reach out. We require that there are at least 2 athletic trainers as part of our Health and Safety Committee and that make sure that we're at least hearing from that group regularly. Athletic trainers are not happy, and the work that they're doing. They're not getting the respect that they deserve and there needs to be a culture shift around athletic training. And so what can we do at the national level to help start that conversation. We have 4 athletic, certified, athletic trainers on our staff. We're staff of 11. 4 of them are certified athletic trainers. They all, except for one practice, that colleges institutions. So they have that real world experience of being an athletic trainer. So from that perspective, they've done it. They've been in it. They've sat on those groups. And we continue to try to include them in the conversations.
